GENERAL SPORTING NOTES.

Senator Henry L. Martin, of Versailles, Ky., has sold to W. Hops Landeman, of Lexington, Ky., the three-year-old bay col., Frank Thompson, by Linden, dam by Virbena; price

The Eastern and Western Leagues have decided that no player engaged by them shall receive more than \$200 a month. They expect that this will put a stop to players who in order to get more salary play one league against the other.

A great four-cornered skating race has been arranged between the fastest amateur skaters in the country. This race is to be skated at the Clermont Rink in Brocklyn, on Fabruary 4. Those who will race are Bellefeuille, Le Roy See, McDonald and Hornfeck.

Capt, Powell and Trainer Conners, of the Cornell athletic team, have select-ed the following four as the team to be sent to the meet of the Boston Ath-letic Association, to be held on Febru-ary 6: H. E. Clark, 39: P. B. Kennedy, G.: H. L. Taylor, 58, and T. P. Thompson, G. In the meet the Cornell team will compete with the relay team from Columbia University.

According to a builetin of President Young, of the National Lengue, the minor leagues which have qualified under the national agreement are the Western, Atlantic and Eastern, in Class A: the Interstate, in class B: the New York State, in class C: and out of composition can be show and the country properties can be show and the country without is an expectation fold the near, many without because and without food. What will be the result of side near, many without the New York State, in class C; and the International Association, in class the result of side of sid

known on every race track in America for the last twenty years, has sold out his stable to W. H. Laird, and is going to the Klendike with W. H. Devalle, who returned from the Yukon country this winter with a snug sum and has been playing the races here. Brien trained for 'Lucky' Baldwin when Rey El Santa Anita won the American Derby, and last season trained the horses of R. J. Johnson, at Chicago.

The second and final match race be-tween Charles Kilpatrick, of America and George Tincier, of Ireland, will take place today at Ashton-Under-Lynne, England. The race will be three-quarters of a mile and, as in the previous event, for a stake of \$250, Kilparticle won the first race, a half-mile, in 1:57 215. Tincler was unable to hold the terrific pace set by the amateur record holder in the last quarter. The Irishman is expected to make a much better showing in the longer distance

which is his forte. P. T. Powers, president of the Eastern Baesball League, and "Ban" John-son, president of the Western League, will act jointly at the meeting of the National League next month as a committee to protest against the ments which were proposed at the No-vember meeting by the national board and laid over for further considera-Presidents Powers and Johnson will ask the National League to pass some rule so that it will be impossible for a major league club to draft a man from one of the minor leagues for the purpose of turning him over to another minor league club without first giving the club from which be was drafted an opportunity to take him back. The minor leagues claim that this abuse has been growing greatly on the part

has been growing greatly on the part of the National League.

Dr. Paul Neuman, the champion swimmer of America and Europe, is now in his third year in the dental de-partment of the University of Pennsylvania. His first champion race was at Berlin in 1882, where he won the one-mile championship of Europe. The time on that event, however, is not as fast as what he is now making. On the 2d of August, 1896, he won the mile championship of America, the time being 28 minutes 25 seconds. On the 11th of April, 1896, he entered the Olympic games at Athens, Greece, and won the championship race of 500 meters in 28 minutes and 12 seconds After this contest he received a decoration and medal from the King of Greece. There were 120 competitors in the Olympic contest, among them being Williams, the fastest swimmer of Boston. On the 28th of April, 1897, he won the five-mile race at Chicago in two hours 53½ minutes, thus establishing a world's record. The previous record was 3 hours, 59 minutes, 5½ seconds, which was held by B. Mowbray, of Sydney, Australia. Neuman holds the championship of the Chicago Athletic Association by swimming 100 yards in one minute. He also won the fast as what he is now making. On the 2d of August 1895, he won the mile championship of America, the time being 28 minutes 35 seconds. On the the championship of the Chicago Ath-letic Association by swimming 100 yards in one minute. He also won the American championship at Lincoln Park, Chicago, July 3, 1897.

Basketball Game Tonight. The Mt. Pleasant Athletic Club and Company C. First Battalion, basket-ball teams will play a championship game tonight in the Infantry Armory. The teams are well matched and a od game is expected. Dancing will the game which begins at 8

Jay Eaton arrived in New York yes-

terday to complete arrangements for his match with the foreign rider, Ka-ser, The races will probably take place at St. Louis, during the meeting of the National Assembly in February Dr. L. C. Leroy, of the New York L. A. W. consulate, says that he does not favor continuous long-distance riding, such as consecutive century runs. He says that long-distance riders always ride hard saddles, with long peaks, and that this is conducive to perineal

Owing to the number of bleycles im-ported from the United States, and the low rate at which they are sold, the bike manufacturers of Canada have asked the government for a specific duty of \$9 on each bicycle, with a provision that in no case should it be low-er than the equivalent of 25 per cent ad valorem.

Arthur Gardiner is riding very strong now, and claims that he never started a season in such condition as he will start the season of '98. Gardiner was at the Florida training quarters, but left for a week of exhibition riding at Pittsburg, after which be will return to the quarters again, there to remain until spring. Tom Linton, who will arrive in New York today, was born in Aberaman, Wales—Jimmy Michael's native town. In the old days the two boys were com-panions. Now they are rivals. Lin-ton has been attracted to this country

by the reports of Michael's great suc-cess, which has been published all over the world, and he is coming to try for his fellow-countryman's scalp. According to dispatches from Chi-cago, an organization has been effected among a number of the Western divisions of the League of American Wheel-men to oppose I. B. Potter, of New York, for the presidency of that body. Eight divisions, including Illinois, are said to be banded for this purpose, and the leaders in the movement are figuring on the support of other Western and Southern divisions.

STRICTURE

A SOLVENT FOUND nermanently and does away entirely withe Surgeon's Knife and dilating instruments. Suffering from Stricture, Enlargment of Prostrate Gland, Inflammation, and Chronic Mucous Discharges, by this new scientific method can be radically CURED AT HOME

Write at once to the Empire Medical Co., 171 Smith Building, Boston, Mass., for their free book called "Solvent-Alterans." It tells what the remedy is made of, and how and why it must cure. If affleted, this book is worth to you all that perfect recovery is worth.

Money Makes Money

And this tells how You can make money.

TERETOFORE the most profitable business and the easiest in which to embark (with sufficient amount of capital), has been the manufacture and sale of patent medicine; but there is now an improvement on that enterprise in every way, both as to usefulness and as a big money-maker having great advantages over every other. It is a process of all-night inhalation by means of the Pillow Inhaler or Inhaling Pillow, for the cure of catarrh, bronchitis, asthma, grip, early consumption and diseases of the respiratory organs. It is a hair pillow with reservoirs and mechanical arrangements which enables the user to breath the fumes of medicated air (tar, carbolic acid, iodine, etc.,) all night while sleeping as usual. There are no pipes or tubes, or anything to get out of order. The secret of its power and success is in the long-continued application of the healing. soothing remedy, night after night, and the ease of its use. If inhaling by the old way for a few minutes at a time several times a day will relieve, what can be expected from inhaling say 6 to 8 hours per day (or rather night)?

It is not an experiment, but has been tested for years and

several thousands have been sold. In order to greatly enlarge the business and to let all the people know that there is such a tining as will actually cure catarris and the above-named diseases, it is proposed to rell at once \$50,000 PREFERRED STOCK PAY-ING 8 PER CENT. This stock is offered in shares of \$5, at par, and as a special inducement to the early substribers to this stock, a bonus of an equal amount of the common stock will be given free to those who subscribe for the lists \$20,000 of the preferred stock, which amount is now offered for sale.

With this ample capital the Pillow-Inhaler can be successfully put upon the market and made to pay large dividends to both the preferred and common stock.

The officers and directors of the company are men well known in official

and business circles. They are as tollows: Senator WM- M. STEWART, President-Mr. SAMUEL J. SPEARING, Vice President-

Mr. CHARLES J. KAPPLER, Secretary. Mr. STILSON HUTCHINS, Mr. R. W. GATES,

Mr. CHARLES A. KRAM. Mr. A. J. SYMONDS, Subscriptions for stock are to be paid for in easy installments. For prospectus and pamphlet giving full and detailed information call on

Mr. J. H BALSTON,

Pillow Inhaler Company Cor. 15th and F Sts, 31 Corcoran Building.

A young Massachusetts editor relates his experience with an aggravated case of constipation attendant upon a severe coid, Ripans Tabules were immediately effective. Other remedies had been tried, but it remained for the Tabules to correct the disorder, which they did effectually. From his first experience be was led to try them frequently for other small ills for which they are known to be an effective remedy, and now considers them a most satisfactory household medicine for frequent use in the every-day sort of cases for which they are so highly recommended,
